Parker Veterinary Hospital (248) 628-2400
Richmond Veterinary Hospital (586) 727-9018
Yale Veterinary Hospital (810) 387-4370

Ongoing changes continue to impact us on a daily basis. As the COVID-19 pandemic continues and the new “Stay At Home” order goes into effect, we have a few new announcements and a few reminders to share.

We will remain open but with scheduling restrictions designed to narrow the scope of our medicine to those pets with the most pressing needs. This is currently in effect and will remain at least until April 14th when our state government reevaluates the order.

We are currently limiting the number of people in our hospital. When you arrive to our facility, **please remain in your car and call our clinic, and we will assist you.** The medical staff will be notified that you have arrived.

Wilson Veterinary Hospital - 586-752-6217 (press 1)
Animal Clinic of Sterling Heights - 586-939-4020 (press 1)
Yale Veterinary Hospital - 810-387-4370

At the conclusion of the appointment, our staff will contact you by phone to go over invoices. Please limit cash or check payments if possible.

- We are not taking boarding appointments at this time.
- We are not scheduling nail trims or anal gland appointments at this time unless it is medically necessary for your pet.
- Certain nonessential appointments will be rescheduled as of March 25th.
- We are still able to fill medications, food, heartworm and flea/tick prevention. Please call 586-752-6217 for curbside service.

We are working hard to keep everyone healthy so we can continue to provide 24/7 care. Thank you so much for your cooperation and understanding.
